This original short film, backed by multiple awards, presents a unique and breathtaking child's interactive short virtual reality experience that showcases the innovative power of VR to transform the way we see the world and each other. Inspired by children's favorite stories of fantasy and wonder, viewers are transported to a small island where they will help Camila and her father create clouds from sheep wool to nurture the land below. The viewer finds themselves in a virtual hot air balloon as they uncover a miniature farm above the mountain-tops. Camila's life is turned upside down as a series of wildfires burn their home and kill her papá. As the long days pass, Camila struggles to fill her papá's shoes and create new clouds for the dying world below. -- Produced by the acclaimed Dreamworks VR Studio -- Director: David Mosse Producer: Melanie Curtin Executive Producer: James Wallis Producer: Chris Garland Based on the book Camila's Clouds by Jerry Pinkney Music: "Clouds" Kevin MacLeod Egypt. Circa 1920. In a land of greater mystery and intrigue, a young English archaeologist discovers a long-lost secret of ancient Egypt. The message is hidden in hieroglyphics, but it will take a team of daring adventurers to unlock its mystery. About the Game: In ARK: Survival Evolved, a dinosaur-themed park in the rainforests of eastern Tennessee has become the site of a new scientific venture and you get to be the first one to discover its wonders. The owner of the park, Wyatt, has hired a group of intrepid scientists to uncover the mysteries of the new world and bring it to life. You and your crew will get to experience firsthand what it's like to be a real-life adventurer as you track down and study the prehistoric creatures that inhabit the area. You'll have to get to know your team and work together as you complete exciting challenges like tree climbing, beam smashing, wood chopping, rock smashing, anatomy, carving, and more! Discover the secrets of the park and hunt for new creatures around the world. Be the first to discover the evolution of life on earth! Welcome to a mysterious island where the conditions are all-out survival. Use your wits and a grappling hook to traverse the wilderness and reach a special hidden location! But, where do
