Nearly two years ago, Springfield Township residents weren't allowed to distribute lawn signs for Libertarian candidate Andre Harris. On a night Harris gathered just over 100 supporters, Mayor David L. Thomson stood behind a roped-off area in the township's public works parking lot. He said Harris' lawn signs were occupying too much room and posing a danger to drivers. Councilman David B. Quigley and Lillian L. Mattingly, an area resident, were on the City Council and The Republican newspapers led the opposition to the candidate, who ran unsuccessfully for the seat in 2018. The newspaper coverage was the result of a then-mayor-now-attorney, Brian J. Oglesby, who had threatened legal action. In June 2018, the Ogdensburg-based vendor who installed the requested signs was ordered to remove them. Harris then lost a related court battle, after which Oglesby no longer threatened to sue. Although Harris got his signs back, he was less than satisfied with the outcome. "The message

ReviewsAs one of the more new releases for us, this game is very fresh and interesting.I.Co.DeCo.O.Set out to help the children of the gods in order to save humanity.InCoDeCoo.Some.S. ReviewsI am a huge fan of Time Twister because the battles are addictive. The last one you played is the one you will play for a long time. The artists did an amazing job. It's a full RPG game with battles that feel like you are swinging a sword. It's like you are playing a giant RPG game on your PC. You can customize your character's appearance, weapons, and costumes. You can also equip them with a super armor to boost your stats.The graphics are amazing and the gameplay is fun. I highly recommend this game.10/10Surviving Vanua ReviewsThere is something about this game that has me hooked. So far, I am experiencing a haunting, fear, and suspense that makes you want to see what's happening. I haven't seen anything like this in my lifetime. Not only is the story interesting, but so is the gameplay. I highly recommend this game to anyone who wants something different.10/10Super Sonic 4 Revenge ReviewsSonic 4 Revenge is a game that's worth playing. I recommend it to anyone that's looking to play a new game in the Sonic the Hedgehog series.9/10"Intense" Soul Calibur 6 ReviewsOnce you start playing Soul Calibur 6, the game constantly gives you more things to do and more reasons to keep playing. It's also the closest iteration to the Soul Calibur series that feels like a fighting game. If you're looking for a fighting game, you don't need any more reasons to play Soul Calibur 6.4/5Marvel's Spider-Man - Insurgency ReviewsWant a game that will keep you on the edge of your seat? Then you should play Marvel's Spider-Man - Insurgency. It's basically a lot of fun and even better if you're a Spider-Man fan. For the most part, the combat is fun, but the weirdest enemy types and the fact that Spider-Man can't just jump around while playing makes the combat a little stale. But this isn't really a game that needs to be played for the combat. The game has a lot of other stuff going for it, such as the story and the setting. Marvel's Spider-

**What's new in Tower Behind The Moon:**

- The Moon Series - A young artist, Charlie, has been inspired by the stories and paintings of the acclaimed Virginian artist Matthew C. Perry Williams. Poised to create a mural "The Moon Looks Like...", he is assisted in his unveiling by his painter and inspirator, Wonerly "Windy" Zarrow, a gruff old man with a crooked nose and a wavy beard. However, the unveiling is fraught with misfortune as a dusty old acolyte of Williams, named "Mater the Magus", arrives. He finds Charlie painting Williams' unfinished illustration, and assuming he wants to "improve" the illustration, orders the young artist to desist. While accomplishing a favor for his adored aunt on a warmer night just past, Wonerly must leave Charlie to his fate for one hour before leaving to deal with his jumble of friends. The tyrannical Mama Teller of Charlie's school will nudge him along, but the weather turns cold, and a serendipitous visit with the old seer Jake, who remembers his father's "Circle of Ghosts" painting, lead him to amazing discoveries of White Light and Black Light, tarot cards, and even a personal note from him declaring his love. Mama also makes a shocking proposition to Wonerly that he is ultimately having an affair with Charlie's father, which he rejects. Simultaneously he and Jake come up with an ominous "work of the moon", which leads Wonerly to an underworld that he never knew existed...and Charlie to an island on the shores of the ocean of time, that also changes him as he ventures into a history of the English speaking world of the Americas. When Charlie, the magistrate, and the Brethren return from their ordeal on the island of the moon, they discover that Mama Teller and Wonerly have been faithfully defending Charlie, as it was written, for all their lives. **Dramatis Personae:**  
Charlie - A young man (quite a bit younger than Wonerly) and reluctant writer of short verse in which he pretends to have a parent who is an artist of the Virginian Artist Matthew C Perry Williams. An exercise that seems to pain him even more, but is useful for the purposes of the story.  
Wonerly - Charlie's uncharitable friend with a title of his own, and both a crown and a willow wand. An older
