different types of diseases and their treatment. This
medicine made the dominant reference book in the
homeopathy. It is published at seven volumes from
the first to the last. In the first volume of the vases,
we can read the history of its establishment as well
as the legend of its making. In 1599 the vase was
sold to a [Bango] State. The Khudai-Nama has been
published in seven volumes by Hasan Hammad
(1895-1978). These volumes with their various
chapters are presented in two volumes of this
publication. [Bango] State, Persia (Kurdistan), in the
19th century. The four post-modernistic authors'
philosophical and literary works have been
translated. Bango /varghiyat is the Arabic and
Persian word which means the vase or the vase-
shaped pot. It refers to the shape of the pots which

were used for making medicines in the ancient times. The Ministry of Health, Medical Sciences and is one of the key authorities on this topic. It is known that the Turanians are the people who are originally from the Asia (Central, North, East and West) and were spread over the world. They are the Turanians in the East and the Hurrians in the West. The Hurrians are the oldest Iranian people. They were the first people to settle in the land of Iran. The ministry of health has published the book in three volumes. The first volume is devoted to the history of the vases. This book is written by Dr. Mola Abbas Mirzaei and his assistant Dr. M. Quro, 30 years old, in the first four chapters of the book. The second volume of the book is devoted to the study of the diseases and treatments of this type of medicine. This book is written by Dr. Haji Ali, and his assistant Dr. Raza Arbab. The third volume of the book consists of 39 chapters and it is dedicated to the medical and pharmacological characteristics of the medicinal plants and medicinal herbs. This is a source book about the bango vases and its history, history of its manufacture and its contents and the theory of use of this type of medicine. The book is written by Dr.
